

GMR Kamalanga Energy Limited

Asset Management Policy (ISO 55001:2014)

GMR Kamalanga Energy Limited (GKEL) is committed to establish, implement & maintain an effective Asset Management System to derive best value to Stakeholders through Life cycle management of assets.

In order to achieve this, GKEL is committed to:

- ❖ Establish a framework to plan, coordinate, control, execute, monitor and improve the asset management activities through computerized information system.
- ❖ Establish clear objectives, service levels, inventory guidelines and standards of maintenance for all significant assets within its scope.
- ❖ Establish guidelines for monitoring Life cycle of Assets in general with specific emphasis on health upkeep of significant assets.
- ❖ Identify roles & responsibilities of personnel, including policy implementation and enable integration of the Asset Management System within the Organization.
- ❖ Comply with relevant statutory, regulatory and legal requirements for all assets covered under the Asset Management System.
- ❖ Focus on continual improvement of the System and provide resources necessary to deliver the Asset Management Objectives.
- ❖ Carryout internal audits to identify areas for improvements and periodic reviews to exercise controls for long term sustenance of the Asset Management System.
- ❖ Make this Policy available to relevant stakeholders and ensure that it is understood, implemented, maintained and adhered to by employees at all levels within the organization.
