

GMR Warora Energy Limited

ASSET MANAGEMENT SYSTEM POLICY ISO 55001

GMR Warora Energy Limited (GWEL) is committed to implement Asset Management System. Our vision is to perform all operations within the plant area efficiently by managing its assets to derive best value to stakeholders during complete life cycle of the asset.

In order to achieve, GWEL is committed to,

- Managing all assets to deliver best value by adopting industry wide best practices.
- Providing appropriate necessary resources to implement & manage Asset Management System.
- Complying with all relevant regulatory, statutory and other requirements on Asset Management.
- Continually improving our asset performance by means of benchmarking.
- Review Asset Management policy regularly for continual improvement.
- Involvement of all employees at all levels to identify the Risks and opportunities in processes.
- Carrying out regular asset evaluation audits to identify areas for improvement.
- The Policy is communicated to Interested stakeholders for its suitability & effectiveness.
