

Building for the Future Development Roadmap for Nagpur Airport

Upon commencement of Operations by GMR Airports, the refurbishment works of existing Terminal and associated facilities of **Dr. Babasaheb Ambedkar International Airport** will be immediately taken up to enhance passenger comfort and accessibility.

GMR Airports will also initiate a phased approach for Nagpur airport's development.

Phase 1A (Year 1-4)

- **New Integrated Terminal:** A modern passenger terminal with 4 million annual capacity.
- **Cargo Hub:** Establishing a 20,000 MT cargo terminal to boost logistics.
- **Infrastructure upgrade:** New access roads, airside facilities, parking, hotels and more.

Your **Caring Gateway** to a **Connected World**
